

Please be advised that we want our street back from disrespectful people

Neighbors...let's demand the following:

- The “hanging out” all times of night on the streets of the Association will not be tolerated.
- The gathering of unknown individuals loud talking will not be tolerated
- The use of marijuana in carports will not be tolerated
- The use of marijuana in the patio area will not be tolerated...you have to take that behavior indoors
- The playing of loud music will not be tolerated.

This quiet community deserves better than the current noncompliant behavior we are being subjected too.

Neighbors, each of us know which units are showing total disrespect for our streets...let's send a message

When you hear or see behavior that does not comply with the Associations Rules and Regulations and/or impact our right to a peaceful community, I ask that we band together and do the following;

When “ghetto” type behavior jumps off....

Step 1 – Ask the offender to stop or get neighbors to go with you. Exchange your phone number with your neighbor to keep each other apprised of whats going on at problem units. Take pictures. Keep a log of dates, times, and addresses when the offenders are doing what they do best

Step 2 - Call Security – 916-706-1209

Step 3 – Call Police

Cameras will soon be installed on Weymouth....keep looking up...

Lisa Lindsay – 916.821.7796
